

NURSE TIFFANY

**BEAUTY BY TIFFANY RN
FOUNDER & REGISTERED NURSE,
BSN, CANS**

A true West Coast native, Tiffany knows the importance of proper skincare and maintenance. Raised in a multi-cultural household with a stepfather who was an MD, she has been fascinated by the practice of medicine since childhood. She is an expert in tailoring treatment options to the specific needs and skin types of her diverse clients. As a college student, Tiffany began working in a very prestigious Beverly Hills plastic surgery office, where she discovered the miraculous world of cosmetic surgery

"Her passion for beauty, refinement and detail inevitably led her into the world of aesthetics."

and advanced aesthetics. This discovery, combined with her passion for beauty, refinement and detail, inevitably led her into the world of aesthetic nursing. Today, after training with some of the best injection and laser specialists in the United States & Brazil, she enthusiastically brings her passion, expertise and knowledge directly to you. Together, you and Tiffany can collaborate and devise a regimen formulated specifically for you and all of your skincare needs.
